paper presentation

THEMES

- Smart Grid
- Renewable Energy Systems
- Energy Storage & Electric Vehicles
- Smart system Automation / Control & Robotics Industry 4.0/5.0
- sustainable solution & emerging technologies

EXPLORE YOUR
INNOVATIVE IDEAS

Create a Memorable Event with your Thoughts

The Paper Presentation Event is a premier platform for curious and innovative minds to explore, present, and share the latest research and technological advancements in Electrical and Electronics Engineering and allied fields.

Event Guidelines:

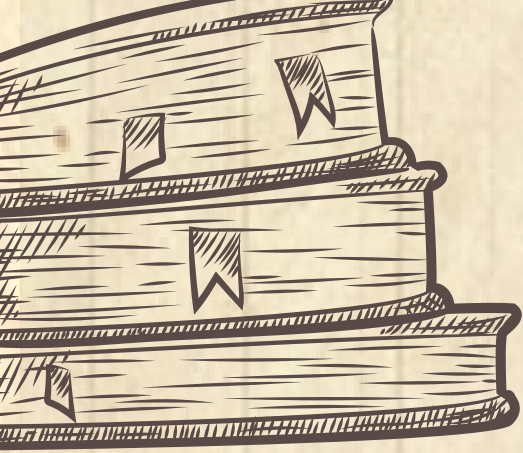

Round 1: Abstract Submission - Participants must submit their abstract and student details as a single PDF through mail. eeeteslams@gmail.com

Round 2: Physical Presentation - Selected students must present their paper in person on September 12, 2026.

Rules:

1. Participation can be solo or in a team of up to four members.
2. Papers should focus on topics.
3. Each team register with their members
4. Presentation must be in MS-PowerPoint (16:9 layout, PPT format).
5. Abstracts must not exceed 150 words (Times New Roman, Headings 14, Content 12).
6. Presentation must not exceed 15 slides.
7. Submission deadline for abstract is September 12, 2026.
8. Maximum presentation time is 10 minutes.
